Complaint Description

The customer reports that a purchase of \$249.99 at an online electronics retailer on 28 August 2026 was charged twice to her credit card. She only placed one order and the merchant confirmed a single order number. She is unhappy that the duplicate charge is increasing her balance before the statement date.

Supporting Information

Customer emailed a copy of her August card statement and the merchant order confirmation. Both are attached to this case.

Resolution Provided

Agent verified the duplicate authorisation with the merchant acquirer. The duplicate charge of \$249.99 has been reversed and the refund has been posted to the card account on 03 September 2026. Customer confirmed she is satisfied.

Escalation

Not required.
